

2019 Class I & X Oklahoma Management & Safety Seminars

Jointly Sponsored by the L.P. Gas Administration, the L.P. Gas Research, Marketing and Safety Commission and the Oklahoma Propane Gas Association.

In 2019, we will again partner with Oklahoma CareerTech in conducting the Oklahoma Management Safety Seminars. This arrangement will benefit attendees as time and mileage costs continue to increase. The seminars will be approximately three hours in length, and there will again be multiple locations from which to choose. Presenters will be on-site at CareerTech in Oklahoma City and, utilizing videoconferencing technology, will simulcast the program to other remote locations. Participants will use interactive equipment at each location to see, hear, and ask questions of the presenters. This technology allows us to reduce the cost to you but also requires that we limit class size in some cases; therefore, **pre-registration is required.** Sites will be filled based on when registration forms are received.

WEDNESDAY, JULY 17, 2019 (Registration deadline July 15, 2019)
